Date of issue **06 November 2012**

General regulations **see overleaf**

SLV Halle GmbH

[sealed & signed]
Head of Inspection Board
(Gurschke)

General regulations

1. Prior to any execution of welding work and without being asked to do so, the manufacturer shall hand over a certified copy of this certificate to the authorities in charge of granting the building permit.
2. This certificate may be copied or published for advertising or other purposes only as a whole. The text in advertising publications must not be in conflict with the contents of this certificate.
3. The notified body shall be informed in due time about the withdrawal of person(s) mentioned in this certificate as welding supervisors, modifications of the welding process or essential parts of equipment required for proper execution of welding work. If deemed necessary by the notified body, another inspection may be carried out in the manufacturer's premises.
4. If doubts about the manufacturer's qualification arise, the notified body reserves the right to carry out unannounced visits and inspections in the manufacturer's premises with costs.
5. This certificate may be withdrawn, supplemented or modified at any time with immediate effect and without compensation in cases where the prerequisites under which the certificate had been issued have changed, or in cases where the regulations of this certificate are not complied with.
6. At least two months before expiration of validity of this certificate, another application for renewal shall be filed with the notified body if the manufacturer wishes to have the validity of this qualification certificate extended.

Notes:

Mr. Matthias Loske (IWS), born 06/03/1978, has been appointed to assist the responsible welding supervisor.
